October 5 2015

Mr. Rob Sherman, General Manager
Sunshine Canyon Landfill
Republic Services Inc., (dba Browning Ferris Industries)
14747 San Fernando Road
Sylmar, CA 91342-1021

Dear Mr. Sherman:

**SUBJECT: IMPLEMENTATION OF THE ALTERNATIVE DAILY COVER (ADC) PER
THE SCL-TAC MOTION**

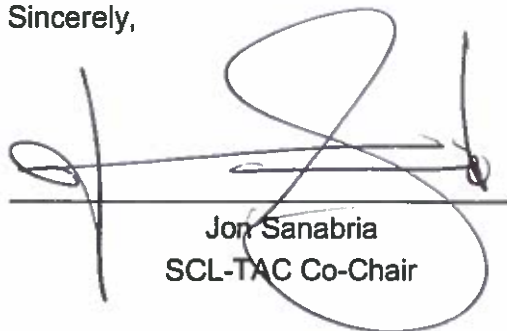

At its meeting on September 29, 2015, the Co-Chairs of the Sunshine Canyon Landfill Joint City/County Technical Advisory Committee (SCL-TAC) agreed and supported the use of the alternative daily cover (ADC) as recommended by the Sunshine Canyon Landfill Local Enforcement Agency (SCL-LEA) and supported by the other advisory representatives of the TAC present at the meeting.

As discussed at this meeting and outlined in the adopted Planning Land Use Memorandum of Understanding (MOU) between the City and County (executed on December 23, 2008), the SCL-TAC is established for the purpose of reviewing, coordinating, and certifying satisfactory compliance with plans, permits, and/or agreements authorized for the landfill operation by the City's General Plan Amendment/Zone Change Change under Ordinance Number 172,933, and by the County's Conditional Use Permit 00-194-(5).

The TAC Co-Chairs, representing City Planning and the County Regional Planning Departments, determined that the proposed ADC pilot project complies with the land use conditions and mitigation measures of each jurisdiction, and is consistent with the SCL-LEA's ability to implement their own permit provisions for the ADC. Republic Services, Inc., is encouraged to continue working concurrently and cooperatively with the County Department of Public Works (DPW) to finalize any additional stipulations imposed by DPW. Therefore, the City and County TAC Co-Chairs hereby endorse the ADC Pilot Program and direct Republic Services, Inc., to implement the ADC Pilot Program as per the SCL-LEA's directives.

Thank you for your cooperation.

Sincerely,

Jon Sanabria
SCL-TAC Co-Chair

Lisa Webber
SCL-TAC Co-Chair
